You won't change this but the three councillors per large ward is frustrating as one has to circle round all three to find the one who will handle a particular issue. It was so much better when we had one councillor per smaller ward.

On this consultation, I am not sure if our Ward will be affected but there is a close relationship between my parish, Castlethorpe, and Hanslope and Haversham but less so with Stoke Goldington, Newport Pagnell or the smaller parish meetings in the existing Ward. This may be because we are on the same road but please keep Castlethorpe, Hanslope and Haversham in the same Ward.
