Related subject: Accross several parts of the Council area

Woughton & Fishermead Ward - Fishermead is a distinct estate and not within the Woughton CC (Parish) area, move Fishermead into Oldbrooks Ward which is connected by an estate road and share community facilities.

Newport Pagnell is split down the High Street North and South, that split has always confused locals. Should NP have one ward to cover the same boundary as Newport Pagnell Town Council. North NP Ward villages have little in common with the Urban NP residents. They could form a new Ward along with elements of Olney Ward such as Filgrave/Tyringham and Sherington?

Olney ward - Mainly rural area and the Town of Olney. MK East development of 5000+ houses to the East of Newport Pagnell this new area should be its own ward (Caldecote Ward?) to include Moulsoe as well?

West Expansion - Whitehouse and Fairfields to separate from Stony Stratford Ward along with Lower/Upper Weald to form new ward, Crownhill to form new ward with Grange Farm, oakhill, woodhill. Shenley's to merge, Emerson V, Furzton to merge with Bletchley West.

Wavendons, Glebe, Eagle Farm to form new ward.

Campbell Park & OW Ward split into North and South Wards, too long, little in common.
