## Comment text:

**Related subject:** Newport Pagnell North / Rural Parishes

At the moment the rural parishes of Haversham, Castlethorpe, Hanslope & the like are lumped in with a meaningless area called Newport Pagnell North.

Newport Pagnell is a town & has very different priorities to the rural north & vice versa. Surely by now with all the new houses in Hanslope & those proposed there is sufficient numbers for a dedicated ward such as we used to have. The councillor would then work for these people as opposed to having such a big case load that works get swallowed up with Newport Pagnell requirements rather than concentrate on rural issues. The value of ones vote would be enhanced, at the moment the numbers in Newport again swallow up choice.
