## Comment text:

**Related subject:** Stony Stratford Ward

Stony Stratford ward is projected to be one of the largest in MK by electorate count. Given the swift pace of development of the Whitehouse and Fairfields estates within it, and the very different dynamic and needs of "new estates" vs existing estates, I think it would make sense for Whitehouse or Whitehouse + Fairfields to be carved out to be their own ward. Whitehouse alone is forecast to contain 4,500 homes (c. 12,000 residents?) so there's an argument for creating it as a standalone ward.
