Comment text:

With regard to the forthcoming review.

I should like to propose that the review in Westmorland and Furness, and in particular with reference to Wards in Ulverston - look closely at moving from 3 Councillors to 4 Councillors.

I think that with some minor changes to boundaries close to Pennington and Swartmoor plus Bardsea and Urswick then better numbers that would seek the Boundary Commission aim of achieving "more ideal " targets becomes more real.

There has been record building numbers over the period of SLDC in this area and this will continue to occur.

With more new housing there will be more new residents.

When next review takes place we shall see the benefits of moving to 4 Councillors.

Regards

Mark
