The creation of North Yorkshire Council was a farce. They cut councillors but made sure all the council leaders were on salaries over £100,000 p.a. Whilst saying they have no money, and services will need to be cut. The county is falling into disrepair and North Yorkshire Council is not fit for purpose. They wasted money on a rebrand and left a purpose-built council office in Harrogate empty. Harrogate being at the heart of the county, all so the council leaders could stay in North Allerton in the most unsuitable building while charging for the food they eat to council expenses, as the building has no catering facility.

Honestly don't get me started on this subject I have been waiting 4 years for a bathroom adaptation and so far, I am on a waiting list for a waiting list. I haven't had a bath or shower for 4 years; my poor wife has to bed bath me every day.
