Personally I would like to see the NYC project reversed, or the council broken up into three separate councils. This super council project has had a negative impact on our area, road repairs for example were limited before the creation of the NYC, but no non existent since. As feared it seems the funding is being drawn into the larger urban areas at the expense of the rural ones. Need totally separate councils for the Moors, the Dales and Harrogate/Selby. Oh, and what's this new regional mayor up to, apart from wasting tax payers money, heard nothing on what they are planning/implementing to improve funding for public services, transport etc. for the Moors area.
