Councillors should be more proactive in the community.

Tividale ward, Oldbury could do with a swimming pool theres nothing from Smethwick through to Haden Hill.

Traffic is awful due to continued road works, with lots of new house build all over Sandwell (good), the infrastructure is poor, new roads and widening of roads is needed, not narrowed to put in cycle lanes which won't be used, this has caused more congestion, esp when buses have to stop!

Double deserve buses travelling up and down Tower Road is also a bad idea!

More roads required for more people in the area!!

Grass and park maintenance needs increasing!
