How on earth can you put Hincaster and Milnthorpe in the same voting area as Morecambe? Completely opposing local issues. I consider my local community as Cumbria. I shop in Kendal, access all my services in Kendal. Pay my council tax to Westmorland and Furness. I cant remember the last time I went to Morecambe. We previously had an an amazing MP in Tim Farron, he was accessible, had a local presence and now my MP has never been visited where I live, haven't received any information from her. It's a disgrace. Who on earth thought this was a good idea. Zero common sense.
