Organisation Name: (Member of the public)

## Comment text:

**Related subject:** Roose

Having been a cabinet member of SLDC responsible for the business of the council I looked at efficiency by paid staff and cllrs. Many thousands were saved over the years. Services to the electorate must be maintained. Bin collection, social care and highways are priorities. Efficient management saves money too. Small amounts of saving are pointless and organisationally inefficient.

Rural cllrs have far less casework but may travel further. However, urban cllrs have much greater work demands and can still travel a great deal of miles.

Effective and efficient organisation is required with a close monitoring of cllrs.
