Related subject: Olton Ward (Scott Road,Fernhill Road and Richmond Road area)s

I am a resident in Richmond Road for over 25 years and i am apposed to the proposed changes taking us out of the Olton electoral area. I would wish to remain an Olton resident and have voting rights in the postal address area where i live.

Further more, St Margaret's School is an intrinsic part of Olton and its community work is adjoined to the local church- it is not acceptable to divide the school from its historical church links. The school is currently the polling station for the area which clearly confirms its status in the electoral ward area of Olton. It would not be acceptable to have Olton ward residents voting there if it is taken out of the Olton electoral ward.

The view that the area does not reflect the Olton area is nonsense; the councils approve all buildings and works thereafter. With this sort of viewpoint there are a number of questionable areas within the Olton ward that could be identified as not reflecting the character of Olton- blocks of flats,modern housing designs etc. No matter the accommodation, it is the people that count!! Everyone should have the voting rights for the area in which they live and the area in question should remain Olton, Solihull

Kind regards
