## Comment text:

I can absolutely disagree with this proposal, I do not want to see our ward in Marston Green become kingshurst! Our ward should stay exactly as it is with local councillors that live in our area. How can anyone in kingshurst know the issues in Marston Green. Kingshurst has many of its own issues that have never been resolved.

There is an aging population in Marston Green, how do you propose they travel to vote etc.  
this proposal makes no sense at all - leave it as it is!
