**Organisation Name:** (Member of the public)

## Comment text:

I've seen the proposed changes to the wards within Solihull and I'm saddened to see Meriden swept into a constructed ward called 'Arden'.

Much as I understand the connections with the ancient Forest of Arden, I'd like to see it renamed 'Meriden and Arden'. Right now, it feels like we're losing our identity and significance within the Borough. Meriden is the largest populous within that boundary and if anyone tried to identify 'Arden', they're certainly not going to find a village or settlement of that name.

I hope you will reconsider.

Thank you for your time.
