**Related subject:** Kingshurst

The proposal to split Kingshurst and move the northern part into Smith's Wood is utterly ridiculous.

We have a new Village centre being built which will not be in Kingshurst Ward, and most of the proposed Kingshurst and Fordbrige Ward does not include the 'old Kingshurst' and is nowhere near the new Village Centre.

I suggest that the new boundaries should include Kingshurst Village Centre at the very least to reflect the name chosen . It will be confusing for those who do not understand that this is a mythical political boundary not a hard boundary.
