**Related subject:** Kingshurst

Dear Sir/Madam. I have lived as 'man and boy' on Kingshurst since [REDACTED]. I'm shocked and very concerned about the proposed boundary changes that I hear are being proposed. Are you trying to bury us? Wipe us off the map!

Kinghurst, or 'Kingshurst Hall Estate' as it was first named when under the controls of Meriden Rural District Council, is a very special area, it is an enclave. It is surrounded by larger areas such as Castle Bromwich, Shard End, Fordbridge and Smith's Wood/Chelmseley Wood and it is quite distinct and has a different character from those areas. Why oh why would you want to change that?

If the proposed boundary changes are being made at the behest of political Mandarins, then why? Do they think they'll be getting a better percentage of the votes? Is this driven by Solihull Metropolitan Borough Council, again as a way to "bury" us as they (the Conservatives) have never been able to win us over? It's all hogwash and totally wrong and against the wishes of the people!.

I've done my family tree, I have a (very) distant relation that was born on Kingshurst in 1510... You wonder why we don't want or need your change!

Leave us alone. Don't fix what isn't broken!
