## Comment text:

**Related subject:** Tytherington

I am strongly against the new boundaries. This would pull apart a fantastic community in Tytherington. We live in South Tytherington and are proud members of the community here, we do not wish to be moved into Macclesfield ward.

In addition, this proposal has no tangible benefits and represents a big waste of effort at a time when positive changes are desperately needed to improve the quality of living in this area and throughout the UK.
