**Related subject:** The Macclesfield Labour Party alternatively proposed a Macclesfield Central ward that consists of the electors south of Tytherington School

As a resident of Beech Farm Drive for 20 years - who would be affected by the boundary changes - i wish to express my opinion that i wish to remain classed as living in Tytherington and therefore represented by two Tytherington Councillors.

My reasons being:

Tytherington High school is accessed via Beech Farm Drive so it would be unreasonable to expect the residents to be classed as represented under town centre Councillors whilst the school would be classed as represented by Tytherington councillor. The school needs to be united with the local residents / pupils it educates.

The town centre - being a commercial environment - is a good 15 - 20 minute walk away from Beech Farm Drive so it would be impractical to categorise and represent domestic residents along with commercial profit making businesses who would have different requirements and priorities.

A more natural and established boundary would be the river Bollin which runs at the bottom of Beech Lane and cascades around the outskirts of Beech Farm Drive.

By remaining under the Tytherington we are included in the neighbourhood updates and made aware issues affecting local residents eg the recent spate of thefts from properties & have united local police representation.

The current councillors and local police have been doing an excellent job with their collaborative working.

As the saying goes - if it's not broken don't fix it
