## Comment text:

**Related subject:** New ward

As a resident on Kingsfield park which is adjacent to tytherington business park I do not feel the proposal to move to bollington and rainow ward will be of any benefit. We are very much part of the tytherington community where we go to the shops, socialise and have felt extremely supported by our current councillors. Being cut off from Bollington by the Silk Road we rarely go to the area and do not feel part of that community - the proposed move to being part of that ward makes me concerned we will not be represented or thought of. I would prefer the boundary is changed to Silk Road and we remain in the tytherington ward.
