Personal Details:

Name: Mrs April Rennie

Email: [REDACTED]

Postcode: [REDACTED]

Organisation Name: Councillor Tinkers Bridge (Parish or town councillor)

Comment text:

Related subject: Tinkers Bridge Currently part of the Woughton & Fishermead ward

I as councillor of Tinkers Bridge Estate feel it will be detrimental to the estate if the ward boundaries were to change and Tinkers Bridge put into the ouzel valley ward.

Tinkers Bridge has alot in common with the other estates within the Woughton and Fishermead ward and very little in common with the proposed Ouzel Valley ward.

We currently have a very strong support within our existing ward and a majority of the residents support the labour party which are our current ward councillors.

The canal should be taken as a natural boundry and Tinkers Bridge , Peartree bridge , Passmore and Ashland should all be in the Woughton and Fishermead ward.

At present i have very close working and support from my fellow councillors. Tinkers bridge has a very similar demographic to most other estates within the current ward, and very different from those of the proposed ouzel Valley ward. Our current ward councillors are well versed in our daily struggles and we work together on such issues as a ward, i do not think we would get the support on such issues if taken out of this ward.

I was resident on Tinkers Bridge when the big is beautiful campaign went on and Passmore left and old woughton was formed we were not wanted then , they left us on our own this side of the V8 so why now, we are not here to just make up the numbers . Leave us ubnder the ward we are currently in.
