Organisation Name: All Bradville Residents Association (Representative of a local organisation)

Comment text:

Related subject: Stantonbury Parish Council

As a resident of Bradville I am

not happy with the changes you are planning to make. While I do like changes I don't think this changes will benefit the people of our community. First of all it doesn't make any sense to merge Bradville and Oakridge with Hanslope and Castlethorpe . This estates are totally different and the communication between them will not be effective.

Bradville is a very big estate why do you wish to reduce the number of councillors despite the growth in properties? This will make difficult for the councillor to serve the needs of the residents especially in this estate where is so much need for more people to work together in the interest of the community.
