Comment text:

The areas are too big. The Councillors curenly have a huge workload and this will only increase that. The Councillors as it is don't have the time to come to all the Parish Cuoncil meeting. By expanding their ward this will mean they can't properly represent the area and understand the issues.

By going from District to Unitary the Councilors wards have already expanded considerable and they cover all areas of Council work which is a huge remit.
