Related subject: Cheddar and Wedmore

Having recently been given access to documents provided by Kingston St Mary proposing amendments to boundaries, I have to say their suggestions are very sensible. Grouping Axbridge, Cheddar and Wedmore together makes sense - the parishes have similar concerns and experiences, also bringing the smaller nearby parishes (Allertons etc) into one of the above divisions would be sensible - Wedmore and other small neighbouring parishes is currently aligned with Brent but has no natural relationship with that area, a relationship with Cheddar and Axbridge is obvious (shared functions such as medical services and schools for a start).
