**Related subject:** Williton

As a resident of Williton I feel the boundaries should follow Civil Parish/Town Council boundaries. I do not know the latest population figures. However, because of proposed developments Watchet and Williton should be kept together plus Samford Brett which is almost part of Williton. Parishes to the east are not so important to include. East of Quantoxhead residents tend to filter to Bridgwater. Watchet and Williton tend to filter towards Minehead
