## Comment text:

**Related subject:** Yeovil

I believe that Brympton parish should be dissolved and incorporated into the existing yeovil wards, there is a significant amount of housing / development within this parish that does not financially contribute to the overall community assets of the town. Historically the parish council have considered themselves elitist and are not willing to engage with the wider wards that cover the overall area that is yeovil town, it makes no sense to hav3 a ward boundary the cuts off ta third of the town.
