**Related subject:** South Somerset

The scandalous lack of preparation for the switch to unitary status which seems to have resulted in the District's being reinstated in everything but name eg Planning Committees.

Money wasted all over the place on expensive road schemes that achieve nothing eg Library Corner in Bruton and revisiting old planning applications passed years ago.

Schools underfunded and Social Care out of control thanks to the actions of the last Conservative Council and Government.

Costs need to be cut and REAL value for money demanded from every Department and outside Contractor across all areas of responsibility.
