Related subject: Bradwell Parish

I would like to express my support for the proposed changes to the parish boundaries, which would place Bancroft in the Bradwell Parish ward.

I have recently moved home to Bancroft, but having lived in Bradwell Village, Bradwell Common, and Heelands previously, I feel that Bancroft shares more in common with Bradwell in terms of its community, environment, and character. The new boundaries seem to better reflect these connections and make more sense geographically and socially. Therefore, I believe this proposed change would benefit the local community and help create a more cohesive and unified ward.
