**Organisation Name:** (Member of the public)

## Comment text:

**Related subject:** Boundary Changes

I'm a resident of Bradville and I disagree with the suggested change in moving Bradville to Hanslope from Stantonbury. I feel that not only is Bradville far closer to Stantonbury than it is Hanslope geographically, but the demographics of the two are currently quite similar, whereas I would suggest Hanslope and the surrounding areas are much different. Eventually, I believe this could lead to our estate being marginalised and underrepresented, which is obviously not good for us as a whole.
