I'm unhappy with Redhouse Park being part of Great Linford. I've lived in Redhouse Park for years and we've consistently been ignored by GLPC, despite the efforts of our parish councillors to fight back. The money that they received from developments in Redhouse Park has been taken and used for projects throughout the parish, leaving us without a community centre and other essentials. Please include us in Hanslope & New Bradwell instead, as Oakridge Park has overcome similar issues and a shared ward team would be able to benefit us.
