**Related subject:** Stainton ts8 9ay

Having seen both recent proposals, firstly for Stainton & Thornton to join up with Stainsby& latterly to join up with part of Hemlington, whilst I accept boundary changes, the changes that have been proposed do not take into account the difference in areas, I volunteer for a green group & to be honest the difference between the 2 areas could not be more different in attitude, under no circumstances can I accept that Stainton & Thornton be in the same council district as Hemlington, it's just crazy.
