**Related subject:** Friar park

I do not class my road, Johnson Road and that small area part of Friar park estate which is defined by the crankhall lane border.

The residents across the river I doubt would also class themselves as friar park or stone cross.

I feel that both friar park and stone cross have defined boundaries and the area from crankhall lane going west in the map are not part of either of those. I do not class myself as living on either estate.
