Surely it would make more sense to give old Warley, Warley Woods? As its in the name sake? Also splitting up Abbey Road between Bearwood and Old Warley makes it very confusing as I live on Abbey Road, so would i be a part of Bearwood or Old Warley?

I think as its always been classed as Warley Woods not Bearwood Woods that it should remain as Warley Woods and so be classed under Old Warley. To me Bearwood as always been a seperate place to where I live and I have always associated it with bearwood high street and Bearwood Primary School. So the end of Abbey Road as it joins onto Bearwood high street should be where Warley ends and Bearwood begins.
