I believe the Brookshaw Glades estate, which currently sits under Oldbury, should be positioned under Tipton Green ward. The estate is located within the Dudley Port area, however we always refer to living within Tipton, but from a ward perspective, we sit under Oldbury. As a resident that has grown up in the local area and attended school in the local area, I feel the identity of the estate reflects living within Tipton and would suggest a ward boundary change, therefore moving the estate to sit under Tipton as the town.
