Postcode: [REDACTED]

Organisation Name: Sherburn in Elmet Town Council (Parish or town councillor)

Comment text:

Related subject: Sherburn in Elmet in the Selby Area

I am supportive of the revised proposal from the LGBCE in regards to the proposed Sherburn in Elmet and South Milford division. The division keeps good electoral equality, whilst ensuring clear and effective representation for all the parishes contained within the proposed division.

In keeping the parish of Sherburn in Elmet within one division, the LGBCE has satisfied the main concerns of the parish being arbitrarily split across two divisions. Furthermore, the proposed division allows for more cross-community work to take place, especially when considering the large industrial estate to the east of Sherburn in Elmet, which has a large knock on effect to the neighbouring parishes included within the proposed division.
