Organisation Name: North Yorkshire Council (District or county councillor)

Comment text:

Related subject: Sherburn in Elmet and other parishes to the south

I previously made representations based on my belief that the Parish of Sherburn in Elmet should not be divided between two divisions as this would not provide for effective and convenient local government, nor reflect community identities. This is also the view of Sherburn in Elmet Town Council.

The Commission has accepted this and has proposed a two member division "Sherburn in Elmet and South Milford" to comprise the parishes Sherburn in Elmet, South Milford, Huddleston with Newthorpe, Monk Fryston, Hillam, Fairburn, Burton Salmon and Brotherton.

I consider this addresses my concerns expressed in relation to North Yorkshire Council's proposals. Sherburn in Elmet already operates as a service centre for this area and the residents of the new division are a cohesive community in many respects.

I urge the Commission to confirm the draft recommendations for a two member Sherburn in Elmet and South Milford Division in the final decision.
