Comment text:

Dear Boundary Commission,

I am writing as a Scarborough resident who has never engaged with the local boundary process before and has previously been perplexed by how some boundaries have been drawn.

Having seen the draft proposals for the area of Stepney which I live in, to move it from being part of Falsgrave into the Woodlands division I am writing to strongly support the commission's draft suggestion.

It makes a lot of sense as the roads between Stepney Road, Stepney Drive and Stepney Grove and residents who live here, including myself, have much more in common with areas such as Osborne Park, Manor Park, Alexandra Park and the Hovingham Drive area than Edgehill and the roads around the A64 that we are currently drawn in with.

It is a much better division both geographically and demographically than the existing ones.

The A170 is a much more natural boundary that separates the community than the current use of Scalby Road and Stepney Drive as dividing lines.

I would also recommend this new division be renamed Stepney and Northstead as these are areas in the division that people identify with rather

than Woodlands.

And the remainder of the Falsgrave and Stepney division could be renamed Falsgrave as it has its own identity.

Please could you keep my details private.
