Related subject: Combined views of the Council & parishioners

We are strongly against the proposal to move Clapham cum Newby to Settle rather than Bentham & Ingleton. The residents of our parish have much stronger links to Bentham & Ingleton than they do to Settle. We primarily rely on these areas for the provision of our services, e.g. GPs Surgery, Garages, Pharmacy etc. As a Council we have very strong links (including jointly owned Assets) with Ingleton Parish Council, for the 2 councils to now be in different wards would risk breaking these ties that have been formed over many years and from which both parishes gain significant benefits.
