Related subject: Proposed Birstwith and Pannal Division

Weeton Parish Council has no concerns with the boundaries of the proposed Birstwith and Pannal Division. However, since the division consists of 10 Parishes and many more villages we do not believe that a name that only references 2 of those villages/Parishes truly reflects the identity of the Division. For the southern Parishes (Leathley, Castley, Weeton, North Rigton and Stainburn) Almscliffe Crag is a dominant feature of the landscape so incorporating the word Almscliffe into the Division name (for example Birstwith, Pannal and Almscliffe) would more accurately reflect its geographical makeup and resonate better with local residents in the southern area.
