Submission from Whitby Town Council regarding the
Local Government Boundary Review of North Yorkshire Council.
Response to Draft Recommendations
Whitby Town Council
Whitby Museum, Pannett Park, Whitby, YO21 1RE

Whitby Town Council believes that the Boundary Commission's draft proposals for county electoral divisions covering Whitby are a good fit for the town within the rules the Commission is required to follow and recommend that they be adopted.

The draft recommendations ensure that Whitby is covered by a whole number of county divisions and minimises the changes from the current divisions where there is no evidence that significant change is needed. They have a clear set of boundaries on the ground and as such will make for effective and efficient local government administration. As such they are a better fit for the town than alternative models proposed.

The draft proposals recognise Whitby's distinct identity within the greater Whitby district, the Esk Valley basin, with minimal knock-on effects to

surrounding divisions. We believe that Whitby having a whole number of county councillors with no county division overlapping outside the Town Council area addresses the criteria of Interests and Identities of Local Communities and Effective and Convenient Local Government, and the proposed boundaries achieve electoral equality, and follow lines clearly distinct on the ground.

The proposed adjustment to the Town Council parish warding is also a sensible minor adjustment. As mentioned in our submission at the previous stage, any anomalies at this level are able to be addressed at a future parish governance review.

We strongly recommend that the draft proposals are adopted as the final proposals to be implemented.

Response to Draft Recommendations

Whitby Town Council

Whitby Museum, Pannett Park, Whitby, YO21 1RE

Whitby Town Council believes that the Boundary Commission's draft proposals for county electoral divisions covering Whitby are a good fit for the town within the rules the Commission is required to follow and recommend that they be adopted.

The draft recommendations ensure that Whitby is covered by a whole number of county divisions and minimises the changes from the current divisions where there is no evidence that significant change is needed. They have a clear set of boundaries on the ground and as such will make for effective and efficient local government administration. As such they are a better fit for the town than alternative models proposed.

The draft proposals recognise Whitby's distinct identity within the greater Whitby district, the Esk Valley basin, with minimal knock-on effects to surrounding divisions. We believe that Whitby having a whole number of county councillors with no county division overlapping outside the Town Council area addresses the criteria of *Interests and Identities of Local Communities* and *Effective and Convenient Local Government*, and the proposed boundaries *achieve electoral equality, and follow lines clearly distinct on the ground*.

The proposed adjustment to the Town Council parish warding is also a sensible minor adjustment. As mentioned in our submission at the previous stage, any anomalies at this level are able to be addressed at a future parish governance review.

We strongly recommend that the draft proposals are adopted as the final proposals to be implemented.
