Comment text:

Related subject: Levens Ward

I entirely support the latest proposals, specifically retaining Levens as a single member ward covering parishes from Helsington to Preston Richard.

I am a resident of Helsington Parish, and feel that I, and the local community, have strong links to Levens, and have a natural affinity to other rural villages such as Sedgewick, but have absolutely nothing in common with Milnthorpe, Arnside or Beetham etc.

The previous proposal of linking Helsington with Milnthorpe and Arnside is not appropriate and does not reflect community wishes or natural allegiances.

I whole heartedly support the current proposal of retaining Levens as a single member ward.
