Organisation Name: (Member of the public)

Comment text:

My postcode is CA2 4..... and have lived here for 30 months. I was surprised to find I was in Wetheral Ward. We do not look to Wetheral for anything. We look to Carlisle and are nearer Upperby and Currock. The new parliamentary boundaries are ridiculous too as we are not in Carlisle constituency. Even within Cumberland we are part of the 'border fellside and north Carlisle community panel' which bears no resemblance to where we live. We live South of Carlisle! Please let us be in Carlisle and consider Cumbria to be an administrative area again . What ever you decide try to be sensible about your decision making. Visit the area and see where people live rather than just look at a map. It is difficult to comment when we don't know what you are thinking of changing.
