**Related subject:** all

Your interctive map does not work, the only thing I can download is an excel spreadsheet which impies you have to fill something in and does not explain at all what the red and yellow means and what the definition of variance is.

This is a terrible consulation.

You need first to concentrate on getting all areas up to the same democratic status with parish councils etc. This has been unreasonably delayed. To change boundaries before completing that is madness and highly undemocratic.
