I sent a response to the original consultation on behalf of the Hetton cum Bordley Parish Meeting. This described residents' very strong opposition to our village (along with Cracoe and Rylstone) being moved from Wharfedale to the area around Hellifield (in Craven.) I cannot find any reference to our area in your report of 2nd September. I note that we are not involved in the further consultation. Please could you let me know whether a decision about Hetton, Cracoe and Rylstone has been taken; if so, what is it? If not yet, when will this happen and when will be told?
