The Conservative Party (CCHQ North) welcome the commission's decision to review these 25 divisions. This sensible approach has ensured a much more balanced and pragmatic approach across North Yorkshire.

We support these new boundaries and believe they provide a better sense of community for the electors. We especially support the proposals around Skipton (p3-5), the Killinghall and Scotton proposal, (p6) and Bedale and Aiskew (p13)

Regarding the Easingwold division (p19) we accept the commissions new proposal especially to put Stillington with Easingwold. This makes sense as Stillington secondary pupils go to Outwood Academy in Easingwold. The only local Guide group is based in Easingwold. Finally, Stillington residents regularly use Easingwold shops and services - including the weekly Friday market and monthly farmers market - as they retain only the village-owned Post Office.
