

# North Somerset

## Personal Details:

**Name:** Cllr Ciaran Cronnelly

**Email:** [REDACTED]

[REDACTED] [REDACTED]

**Organisation Name:** North Somerset Council (Councillor)

## Comment text:

**Related subject:** Winterstoke

Winterstoke ward covers the polling district of WKD, WKB, WKA, WKC. I have represented this since 2019 and I would recommend there are no changes to the boundary. With two councillors the work is manageable and we are accessible.

The current boundary is well drawn as there's a natural cut off via Winterstoke Road and the railway line so the boundary matches the geography.

Haywood Village (mostly WKD) is the area with the most intended growth as it has thousands of houses to be built on an old airfield. I don't believe the growth will be as high as forecast in 2031 as the developers who I speak to regularly do not believe they would have completed and left the site by then.

Regardless I feel the current boundaries work well with WKD representing all of Haywood Village, WKD representing all of Puttingthorpe Drive area, WKA covers all of the Maltlands area and WKB covers almost all of Weston Village so there's a good and logical geographical coverage
