Name: [REDACTED]
Email: [REDACTED]
Postcode: [REDACTED]
Organisation Name: (Member of the public)

Comment text:

I wonder why we have all these unnecessary reviews which I would imagine costs money that could be best spent on roads paths that are shocking where I live. Every government has had enquiries on everything costing millions & basically nothing changes. Baby P for instance nothing is learned because in papers reasonably another child died. Covid enquiries we all know who's fault it was. £120million to tell the public what we already knew. If this review on how many councillors is needed but it's costing thousands then no I don't want you to carry out something that is wasting money like the Lords. Get rid of that & people will support you.
