Related subject: Hurworth Ward

Hurworth exists on the fringe of Darlington as a beautiful village with a great history going back centuries and I believe that its status as such should be maintained as such.

The inclusion of the new development north of the A66 bypass in the Hurworth ward is a mistake as it is more naturally a part of Darlington.

The main purpose of reviewing the ward boundaries is no doubt to reduce the costs of maintaining the current number of ward councillors of which we have two.

My suggestion is to redraw the parish boundaries to the south of the A66 bypass and reduce the number of councillors to one which is a saving of one FTE.
