**Email:** [REDACTED]  
**Postcode:** [REDACTED]  
**Organisation Name:** n/a (Member of the public)

## Comment text:

**Related subject:** Fulford, Heslington and Fishergate

The boundaries between the Ward for Fulford and the Parish for Fulford do not tally and this causes confusion for residents. Additionally, many people who live in Fishergate believe they actually live in Fulford when this is not the case. Combining the Fishergate and Fulford & Heslington Wards with 3 councillors would give residents clarity on who to contact for their Ward and would ensure that a councillor is always available for that Ward (currently the larger Fulford & Heslington Ward only has 1 councillor whereas Fishergate has 2). Likewise, adjusting the boundary for Fulford Ward to that of Fulford Parish would clarify borders for residents.

Although I do not live in these wards I am employed by one of the parishes and regularly receive correspondence that should be directed to another parish in the ward or another ward.
