Related subject: North York wards

Re the ward boundary review. I have lived in Clifton Without for over 40 years. At that time the ward was within Ryedale council area, and it comprised of Clifton Without, Rawcliffe and Skelton. There are still closer community links between Skelton and Clifton Without and Rawcliffe, than those between Skelton and West York - children from Skelton can attend Vale of York Academy in Clifton Without; health and commercial facilities on Clifton Moor serve all the neighbouring communities and of course Skelton is on the same side of the river Ouse as Clifton Without and Rawcliffe. It makes sense from a community and geographical point of view to add Skelton to Clifton Without and Rawcliffe.
