## Comment text:

I would like to raise an issue regarding the current ward and council boundaries affecting Gordon Drive (L14 7[REDACTED]). At present, this address is classed as being within Knowsley Council. However, this does not reflect the surrounding geography or how the area is recognised locally.

Nearby areas such as Pilch Lane and the roads off it in the Dovecot area are located further away from Knowsley, yet they fall under Liverpool City Council. All postal and general correspondence to Gordon Drive identifies it as Dovecot, which is widely understood to be within the Liverpool City Council boundary, not Knowsley.

Given this inconsistency, I believe the boundary should be reviewed and moved further outward so that Gordon Drive and the immediate surrounding area are incorporated into Liverpool City Council. A more appropriate boundary would begin beyond the Dovecot area.

I hope this can be considered as part of any review of existing arrangements.
