Related subject: All of it

I think it's ridiculous that you have 45 councillors for Knowsley to begin with, as the areas aren't actually that big, and I know from experience that councillors don't do a lot anyway.

Personally I think you should reduce the number to 20 at most, so you can avoid increasing council tax and refocus your efforts on improving the area. We don't need a bunch of bureaucrats, we need investment in what matters.
